

COMPACT ULTRASONIC THERMAL ENERGY METERS (3...90°C)

UHN ...

APPLICATION

- Suitable for measuring thermal energy in heating and conditioning systems.
- They can be installed either on the delivery or on the return.

Features

- Energy meters with:
 - hot/cold
- APPROVAL: MID DE-07-MI004-PTB 025
- PRECISION CLASS: EN 1434-1:2007, class 3
